

TERMS AND CONDITIONS

Please read the following terms and conditions carefully. If you have any questions or concerns, please contact us before agreeing.

ALLOWING PERMISSION

I give Mallory Chase and Kevin Chase (hereinafter referred to as “members of MK Quantum Healing”) permission to connect with my subconscious to obtain information regarding my concerns during assessments or sessions.

I also give members of MK Quantum Healing permission to connect with my subconscious to obtain information regarding my concerns should I personally request additional information outside of a session relating to a work done during an assessment or session. Members of MK Quantum Healing will not access my subconscious for any other reason or without my permission.

INFORMED CONSENT

1. I understand that The Emotion Code, The Body Code, and The Belief Code System, as taught by Dr. Bradley Nelson (hereinafter called “these methods”), and as practiced by members of MK Quantum Healing, seek to identify and eliminate underlying imbalances by releasing energetic imbalances in the areas of emotions, energy, circuitry, pathogens, structure, toxicity, nutrition, and faulty or outdated beliefs. These methods of energy healing aim to promote harmony and balance within helping to support the body's natural ability to heal. Energy healing such as these methods is widely recognized as a valuable and effective complement to conventional medical care.
2. I agree to inform my practitioner if I have any magnet-triggered devices (such as pacemakers, hearing aids, certain types of stents, etc.). These devices are contraindicated for release on the physical body using magnets. If such a device is present, the work may still be done using alternative methods, such as without magnets or through proxy/surrogate work.

3. I understand that releasing trapped emotions or correcting energetic imbalances using these methods, as practiced by members of MK Quantum Healing, is not a substitute for medical care. This information is not intended as medical advice and should not be used for medical diagnosis or treatment. Information received is not intended to create a physician–patient relationship, nor should it be considered a replacement for consultation with a licensed healthcare provider. It is not meant to replace any medical treatments prescribed by physicians or other healthcare professionals.
 4. I understand that if my practitioner makes suggestions regarding supplementation (including vitamins, minerals, herbal preparations, compounds, or other remedies), I choose to use or ingest such remedies at my own risk. I understand it is recommended that I seek the advice of a physician before using any suggested remedy.
 5. I understand that my practitioner will not attempt to change or release any belief system that I still consciously choose to keep. The use of The Belief Code is purely complementary and intended to help release outdated belief systems that I acknowledge no longer serve me.
 6. I understand that in approximately 20% of sessions, the release of trapped emotions or other energies may result in “processing,” where echoes of released energies may manifest as temporary emotional or physical discomfort. I understand that this processing may be a normal part of regaining energetic balance.
 7. I understand that my practitioner makes no claims regarding healing, recovery, or prevention of any illness and makes no guarantees regarding outcomes. I understand that my use of any information received is at my own risk.
 8. I understand that if I have health concerns, I am advised to seek guidance from an appropriate medical professional before making decisions about my health. These services are offered as complementary support and are not meant to replace medical treatment.
 9. I understand that sessions are confidential. Personal identifying information (PII), including name, date of birth, and session notes, may be shared between members of MK Quantum Healing for continuity of care if I choose to work with more than one practitioner. My information may also be used anonymously (with all identifying information removed) for educational or research purposes, subject to applicable South Dakota and federal laws.
 10. I understand that I am encouraged to educate myself about this work by visiting Dr. Bradley Nelson’s website at <https://discoverhealing.com> and/or by reading his books *The Emotion Code* and *The Body Code*.
 11. I understand that MK Quantum Healing is an independent entity and that Discover Healing, Dr. Bradley Nelson, and their faculty or staff are not responsible for the actions or statements of MK Quantum Healing.
 12. By agreeing to these terms and conditions, I fully consent to participating in Emotion Code, Body Code, and/or Belief Code sessions with members of MK Quantum Healing (Mallory Chase and/or Kevin Chase).
